

## Healthy Garden Courtyard Balcony Thick Artificial Landscape Grass

20~50mm 3 or 4 colors artificial grass for garden with soft and comfortable touch

Natural appearance like grass, with soft and pleasant grass-like feeling. Provide the comfort and safety of the player, reduce skin friction and wear.

High UV resistance and temperature stability. Good water permeability  
Excellent durability, anti-aging, and provide a high level of anti-wear protection.

### Advantage

Are you still worried about the high cost of lawn care? Still troubled by the changing seasons of lawn wilting? Healthy Garden Courtyard Balcony Thick Artificial Landscape Grass can perfectly solve all your problems. It replaces real grass with a realistic appearance and requires no regular mowing, just a simple rinse care. And it is not affected by the season, can maintain a green appearance all year round, neat and beautiful. It has a very high cost performance and is your best purchase choice.
